Subject: Notification of Product Status

NP13-6601 The Marlee Float Skimmer Models 1, 2 and 3
By: SW FeeSaver, LLC

Dear Mr. McCutchen:

The North Carolina Department of Transportation evaluated the forenamed product and assigned a status of “**Approved**” to **NP13-6601** The Marlee Float Skimmer (Surface Drains) on the Department’s Approved Product List ([APL](#)).

An approved status does not infer the product will be used in NCDOT projects or that the products will be actively promoted by the Department. It will be your responsibility to market your product. If the product is changed for any reason, or is not performing effectively, the product status will be changed accordingly.

Additionally, beginning in 2017, you must recertify your product on an annual basis by the 31st of January. If a recertification is not received by January 31st, the product will be removed from the Department’s Approved Product List ([APL](#)). Recertification Notices with detailed requirements will be sent out in December of each year. If at any time, contact information has changed, you must inform this office.

Please do not hesitate to inform us of any other products that may benefit the Department. If you have questions or comments, I may be reached at 919-707-4807 or via e-mail at: nroskam@ncdot.gov or productevaluation@ncdot.gov.

Sincerely,

A handwritten signature in blue ink that reads "Natalie Roskam".

Natalie Roskam, PE
Value Management Program Engineer
